

**Tooth Talk** is the most unique program on the talk radio forefront. With more and more radio stations airing the typical, loud and conservative right-wing radio "programs du jour"...listeners are seeking something different...radio that is intelligent, witty, pertinent, relevant, and entertaining!

Now there is a perfect choice for your weekend lineup...*Tooth Talk* with America's Dentist...Dr. Mitchell Josephs! *Tooth Talk* is available on barter basis every Sunday from 5 PM to 6 PM ET via Starguide III on UTN.

With so many talk radio offerings becoming *homogenous clones*, make your station stand apart from the crowd. Contact Affiliate Relations at UTN to check availability for your market today.
